

Bathurst City Amateur Swimming Club

Qualifying Carnival Sunday, 20th January 2019

Warm up – 7.45am, Start - 8.45am

WELCOME

It gives me great pleasure on behalf of the Bathurst City Amateur Swim Club to welcome you to the 2019 Bathurst City Annual Qualifying Meet.

We enjoy fantastic support from local businesses and sincerely thank them for their support. Our committee and members are integral to the success of this meet and I thank them for their efforts in making the Bathurst carnival possible.

Thank you for your participation in our carnival. Please enjoy the racing.

Jeff Roffe

Meet Director

President – Bathurst City Amateur Swim Club

TENTS/MARQUEES

Bathurst Aquatic Centre Management has requested that tent pegs are NOT used to secure shade tents and marquees. This practice has damaged the watering system in the past. Bathurst will provide some sandbags or similar in order to secure tents. **Please bring your own if you have them.**

TIMEKEEPING ROSTER

The following lane allocations are in place for the carnival in order for participating clubs to share the timekeeping duties. Your assistance is greatly appreciated.

MEET PROCEDURES

WARM-UP

During warm-up, lanes 1 & 8 should be used for 25m dive starts/25m turns. Lanes 2 to 7 should be used for circle swimming. Lanes 2 & 7 may be opened to dive starts towards end of warm-up time, pending Race Directors decision.

MARSHALLING

Any swimmer who fails to report personally to the Marshal at least ten (10) minutes prior to the scheduled time for the start of that session if entered in the first or second events, or at the time of the start of an event at least two (2) events prior to the event in which they are entered shall be deemed to be withdrawn. Once reported, a swimmer is not permitted to leave the marshalling area unless approval is first obtained from the Marshall. All heats shall be deemed to be one event for the purpose of this rule.

For Example: If entered in Event 9, the swimmer must have personally reported to the Marshal **before the start of** the first heat of Event 7.

NOTE: Once swimmers have reported to the Marshal, they must remain in the Marshalling Area until directed to their starting positions by the Check Starter. Failure to remain in the marshalling area may result in the swimmer being debarred from that event.

Coaches or parents are not permitted to be in the Marshalling Area. Refer Swimming New South Wales Ltd. Swimming Rule SW10.18.

In the event of there being sufficient withdrawal from the heats of an event, which would enable the number of heats to be reduced, the Referee may at their discretion either amalgamate heats by filling vacant lanes in a heat or heats with those swimmers whose heat has been cancelled or reseed the whole event.

All entrants in meets conducted by Swimming New South Wales must abide by, and be subject to all the rules, policies and procedures of the meet as decided from time to time by Swimming New South Wales Ltd.

RESULTS

Results will be posted on the results board during the day, after which time they will also be available via the Meet Mobile application. Final carnival results will be available for download at bathurst.swimming.org.au after the carnival and will be posted to the National Results Database.

NOTE: Use of Meet Mobile will incur mobile data usage charges as per your mobile contract.

STARTING PROCEDURE

1. When the swimmers have been placed behind the starting platforms, the Starter/Announcer will announce the Event and Heat number, e.g. Event 4 Heat 3.
2. On the long whistle from the Referee, the swimmers shall step onto the starting platform and remain there. For Backstroke and Medley Relay events they shall immediately enter the water and a second long whistle shall bring them back to the starting position.
3. On the command "**Take your marks**", the swimmers will immediately take up their starting positions with at least one foot at the front of the starting platform, or in the case of a Backstroke or Medley Relay event, their starting position in the water and remain stationary.
4. When all swimmers are stationary the Starter shall give the starting signal.
5. Any swimmer starting before the starting signal has been given, shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer or swimmers shall be disqualified upon completion of the race. If the disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back and start again.
6. Swimmers must finish in the lane in which they start, and will remain in the water in their lanes at the finish of the event. On the signal from the Referee swimmers are to leave the water by the side of the pool.
7. In the 800 event, lap counters will be displayed at the turning end of the pool to advise the number of laps to be completed. A warning whistle will be given when each swimmer has two (2) lengths plus five (5) metres of the course to finish.
8. In an Individual Medley event, the sequence of strokes is Butterfly, Backstroke, Breaststroke, Freestyle.

NOTE: If, because of the length of the program, "starting over the top" is used, swimmers from the preceding heat are to move to the side of the lane, **against the finishing wall, and remain still**. When the next heat has started they should leave the pool by the sides as quickly as possible.

WARM UP PROCEDURE

In the interest of swimmers' safety, the following general pool procedures for the MAIN COMPETITION POOL must be observed throughout the meet:

All lanes in the Main Competition Pool, with the exception of lane 1 is NO DIVING, with entry to the lane "feet first, from a sitting position". Swimmers can only push start and should observe a "keep left" rule at all times.

Lane 1 (Start End) is reserved throughout the whole of the warm up period for dive sprints and walk backs. Swimmers must clear the lane immediately and must use caution when doing a Backstroke start.

In the final 10 minutes of Warm Up all lanes can be used for dive sprints.
