Presidents Welcome Message

Inverell Swimming Club Incorporated would like to welcome all swimmers, families, coaches and officials to our annual long course carnival.

This year we have decided to have a 2 day Twilight carnival with the long events to be swum on the Saturday. With no qualifying times set it encourages our younger swimmers to try events that they would not normally get the opportunity to enter.

On behalf of our Club I would like to wish all swimmers a successful day and hope you achieve your goals. To the Coaches, families and friends I thank you for your support and look forward to seeing you again next year.

Troy Brabant

For Backstroke and Medley Relay events they shall immediately enter the water and a second long whistle shall bring them back to the starting position.

On the command "Take your marks", the swimmers will immediately take up their starting positions with at least one foot at the front of the starting platform, or in the case of Backstroke and Medley Relay events, their starting position in the water and remain stationery. When all swimmers are stationery the Starter shall give the starting signal.

Any swimmer starting before the starting signal has been given, shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer or swimmers shall be disqualified upon completion of the race. If the starting disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back and started again.

Swimmers must finish in the lane in which they start and remain in the water in their lanes at the finish of the event. On the signal from the Referee swimmers are to leave the water by the pool side.

In an Individual Medley event, the sequence of the strokes is Butterfly, Backstroke, Breast stroke, Freestyle. In a Medley Relay event, the sequence of the stroke is Backstroke, Breast stroke, Butterfly, Freestyle.

If, due to the length of the program, 'starting over the top' is used, swimmers from the proceeding heat are to move to the side of the lane and remain still. When the next heat has started they should leave the pool by the sides as quickly as possible.
