## PRESIDENT'S WELCOME

I would like to welcome everyone to the 2019 Muswellbrook Long Course Qualifying Carnival.

To all the people that work in the background to make this carnival a success, thank you very much for your time and effort. All the competitors and visitors appreciate the efforts that you go to.

To all the technical officials, time keepers and marshals that give up their time to make our carnivals run efficiently and to a high standard we say thank you.

As you would all be aware these events would not be possible without the support of Sponsors and a big thank you goes out to all of them. We encourage you to support these businesses as they do for our great sport.

To all the Parents and supporters of the competitors today, thank you for taking the time to travel to Muswellbrook and we hope you enjoy your time in our lovely shire.

Finally, good luck to all the competitors racing today, whether it is your first carnival or you are a seasoned competitor, we wish you the best of luck and hope that all of your training helps you reach your goals.

*Russell Hartin*

President, Muswellbrook Amateur RSL Youth Swimming Club

## MARSHALLING PROCEDURES

Any swimmer who fails to report personally to the Marshal at least three (3) events prior to the event in which they are entered shall be deemed to be withdrawn. Once reported, a swimmer is not permitted to leave the marshalling area unless approval is first obtained from the Marshal.

Once swimmers have reported to the Marshal they must remain in the Marshalling Area until directed to their starting positions by the Check Starter. Failure to remain in the marshalling area may result in the swimmer being debarred from that event.

Coaches or parents are not permitted to be in the Marshalling Area. Refer to SNSW Ltd Swimming Rule SW10.18.

In the event of there being sufficient withdrawal from the heats of an event, which would enable the number of heats to be reduced, the Referee may at their discretion either amalgamate heats by filling vacant lanes in a heat or heats with those swimmers whose heat has been cancelled or reseed the whole event.

## WITHDRAWALS

Please make withdrawals at the recording table at least three events in advance. Swimmers who fail to report to the Marshal by the specified time will be deemed to be a withdrawal.

## **STARTING INSTRUCTIONS**

1. When the swimmers have been placed behind the starting platforms, the starter will announce the Event and heat number, e.g. Event 4 Heat 3.
2. On the long whistle from the Referee, the swimmers shall step onto the starting platform and remain there. For Backstroke events they shall immediately enter the water and a second-long whistle shall bring them back to the starting position.
3. On the command "Take your marks", the swimmers will immediately take up their starting positions with at least one foot at the front of the starting platform, or in the case of a backstroke event, their starting position in the water and remain stationary.
4. When all swimmers are stationary the Starter shall give the starting signal.
5. Any swimmer starting before the starting signal has been given, shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue, and the swimmer or swimmers shall be disqualified upon completion of the race. If the disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back and start again.
6. Swimmers must finish in the lane in which they start and will remain in the water in their lanes at the finish of an event. On the signal from the Referee swimmers are to leave the water by the side of the pool.
7. In an Individual Medley event, the sequence of strokes is Butterfly, Backstroke, Breaststroke, Freestyle.

NOTE: If, because of the length of the program, 'starting over the top' is used, swimmers from the preceding heat are to move to the side of the lane, against the finishing wall, and remain still. Where the next race will be backstroke, the swimmers are to move down the lane rope towards the backstroke flags and remain still. When the next heat has started they should leave the pool by the sides as quickly as possible.
