## Wide Bay Regional Swimming Association

# Criteria for Volunteer of the Year Award

This award is primarily directed at recognising a person within Wide Bay Swimming who has consistently displayed an outstanding and above par level of volunteer activity throughout the current WB Swimming season.

All nominees for this award would have carried out tasks and/or duties within Wide Bay Region that directly influenced in a positive manner the outcome of a task involving another Wide Bay Swimming person or persons.

This award is not designed for the recognition of people who assist in their respective clubs on a regular basis, rather to highlight and reward a person who goes out of their way individually to assist another person or club within WB Region on a regular basis, either in the background behind the scenes or on the ground at meets and/or development activities.

It is requested that there are specific example/s of such outstanding behaviour by the nominees provided within the nomination forwarded, to enable the accurate judging of the overall winner to be conducted.

Please note all current Wide Bay Management Committee members are excluded from consideration of this award, as decided upon by the Wide Bay Management Committee themselves.
